[HackBU](#) is hosting Binghamton University's second hackathon on March 20th, 2015. The event will last 36 hours and bring 300 hackers from Binghamton University.

We created HackBU to foster a community of individuals who solve problems through the innovative use of technology. We host weekly web development workshops and organize trips to hackathons.

The monetary sponsorship tiers are presented on the following page. In addition to monetary sponsorship, we encourage sponsors to send company swag and bring mentors.

We look forward to working with you for this year's HackBU Hackathon. If you have any questions, comments, or would like to talk about what else we can provide you as a sponsor, send an email to hackathon@hackbu.org.
